

Led by **Alex Holley** (pictured) South Harbour Business Association represents Māngere's commercial and industrial businesses. It works closely with the Māngere-Ōtāhuhu Local Board.

Aligning interests strongly

On the southern shores of the Manukau Harbour, the South Harbour Business Association (SHBA) has operated a BID programme since 2005.

Its partnership with the Māngere-Ōtāhuhu Local Board is as strong as ever with strategic and operational interests closely aligned.

In a recent presentation, BID programme manager Alex Holley updated board members on how SHBA is helping to deliver the outcomes in the Māngere-Ōtāhuhu Local Board Plan 2017.

Outcome 1: A strong local economy

Our area attracts and supports businesses. Our community has a range of opportunities to gain skills and employment.

Outcome 4: A well-connected area

Māngere-Ōtāhuhu is well connected by public transport, cycleways and walkways, making it easy for everyone to get around.

Outcome 6: A place where everyone thrives and belongs

Our communities have safe and healthy neighbourhoods. Our actions ensure positive prospects for the future of children and young people. We come together to celebrate our cultures. We are active and involved in local matters.

We want positive prospects for our children and young people.

While Auckland International Airport isn't located within the South Harbour business improvement district, many of the BID's members serve the airport precinct.
