

## 120 brilliant new safety features

There has been quite a bit of discussion among BID programme managers of late on the related subjects of lighting and security, so we checked out one town centre which recently invested \$56,000 to emerge from the shadows.

Earlier this year (2018), Northcote Town Centre replaced 120 dim (left) or dead (bottom left) under-verandah lights in a three-week, two-person effort. The contrast is clear to see.

**BEFORE** (*left*) and **AFTER** (*above, below*)  
The brilliant idea was conceived to address safety – *and* the perception of safety – in the vibrant, colourful and multi-cultural shopping centre which features 25 places to eat.
